GOD'S WINGS

An article in National Geographic several years ago provided a penetrating picture of God's wings. After a forest fire in Yellowstone National Park, forest rangers began their trek on a mountain to access the inferno's damage. One ranger found a bird literally petrified in ashes, perched statuesquely on the ground at the base of a tree.

Somewhat sickened by the eerie sight, the ranger reached out to knock the bird over with a stick. As he gently struck it, three tiny chicks scurried from under the dead mother's wings. The loving mother, keenly aware of impending disaster, had carried her offspring to the base of the tree and had gathered them under her wings, instinctively knowing that the toxic smoke would rise.

She could have flown to safety but she refused to abandon her babies. When the blaze reached her, the heat had scorched her small body, but the mother had remained steadfast. Because she had been willing to die, those under the cover of her wings had lived.

"HE shall cover you with His feathers, and under His wings you shall take refuge" (Psalm 91:4).

Remember the ONE who loves you...! Findlay Church/BD

Meaage from Above

I needed some supplies from a Sunday school cupboard that was seldom used and was secured with a lock. I didn't know the combination, but our preacher offered to give it a try. He placed his fingers on the lock's dial and raised his eyes heavenward for a moment. Then he confidently spun the dial and opened the lock. Seeing how impressed I was with this demonstration of faith, he smiled and confided, "the numbers are written on the ceiling".
